

Omineca Guide & Outfitters

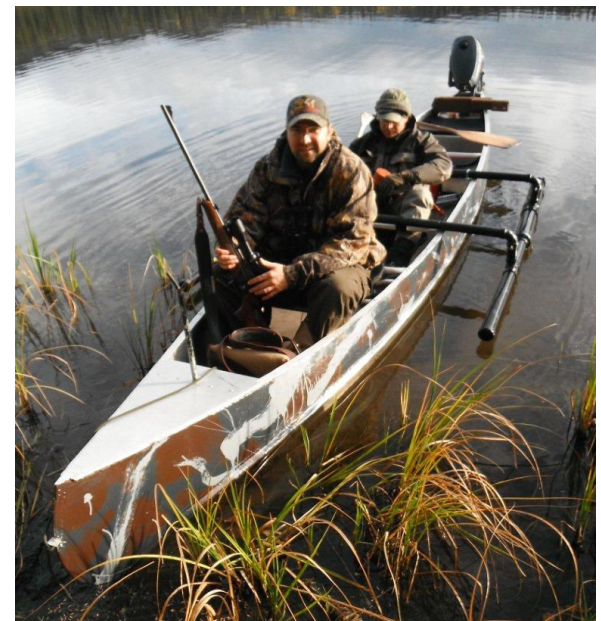

Canada Moose, Black Bear and Grizzly Hunting in North Central, British Columbia, Canada

2012 Fall Hunt News

This September was the warmest and driest in many years. Beautiful sunny days are great but make for some hard hunting. Our Crew and Hunters were up for the challenge, though. We hunted hard on foot, by boat, canoe, quad, 4x4 and float plane (Blue Lake Outcamp). We had great success and some very cool adventures. One morning, guide Mike had Five Bulls answer his calls. The next morning, Steve from California took this huge 50 inch Bull.

1) Fred from Austria had the hunt of a lifetime.

Read his Story [here](#).

2) Christoph from Berlin with a good bear taken on Tommy Hill

3) Guide Geoff and Rene from Berlin quading it.

4) Geoff and Rene glassing the hills. Rene took a bear and a nice atypical Bull (pictured bottom left of the previous page).

5) Photo by Rene's wife Tina of a Bull coming to the Call.

6) Just another day at work for guide Mike.

Pictured on Previous Page Bottom Right

The War Canoe that we use on Blue Lake. Custom outriggers made of black ABS pipe give the old 17" Grumman the stealth of a canoe and the stability of a boat. It's a moose hunting machine.

Canada Moose, Black Bear and Grizzly Hunting in North Central, British Columbia, Canada

1) Northern Lights over **Omineca Lodge** 2) **Christoph** looks pretty damn happy about his **big Bull**. 3) Blue Lake is moose heaven. And flying to **Blue Lake Outcamp** in a **DeHailand Beaver** only adds to the adventure. The **Beaver** is a classic workhorse aircraft that has pioneered the Canadian wilderness for over half a century. 4) Stories by the campfire.
